6. Last year I visited a funny place in the summer holidays which had the strangest rules! The most important rule was that you must always be friendly to each other and smile. You must not be rude, impolite or impatient. When you wait for the bus, you must let other passengers enter the bus before you. That was stupid because it took a long time for people to get on the bus. Nobody wanted to go first! There was also a rule that said that you must not be loud in public and that you must not run or walk too fast. The people there don't like it. It was an interesting place, but I was glad when I left it!
